Quiz **Instructions**

Read this before you start. The quiz begins for everyone at the same time.

10
Questions in total

10s
Per question

+10
Marks per correct answer

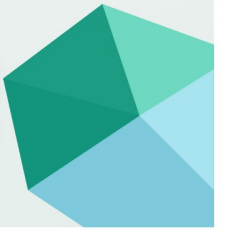

0
For wrong or skipped

How it works

1. Questions appear one at a time, for everyone together.
2. You get 10 seconds per question. Tap an option, or leave it.
3. When time is up, answers lock and a chart shows how everyone answered, with the correct option.
4. The next question starts on its own. No buttons to press.
5. After the last question you reach the exit page.

Marking and results

- 10 marks for each correct answer. No negative marking.
- Multi-select questions: choose every correct option for full marks.
- Ties are broken by total answering time. Faster wins.
- Scores are not shown during the quiz. The leaderboard is published a few days later.
- Do not refresh or leave the page. If you drop, rejoin with the same ID.

☑ I have read the instructions and I'm ready.

Question 3 of 10

8

Single choice · 10 marks

Which is the largest ocean on Earth?

A Atlantic Ocean

B Indian Ocean ✓

C Pacific Ocean

D Arctic Ocean

You can change your choice until the timer ends. Leaving it blank is fine.

Prototype: time's up, show answer

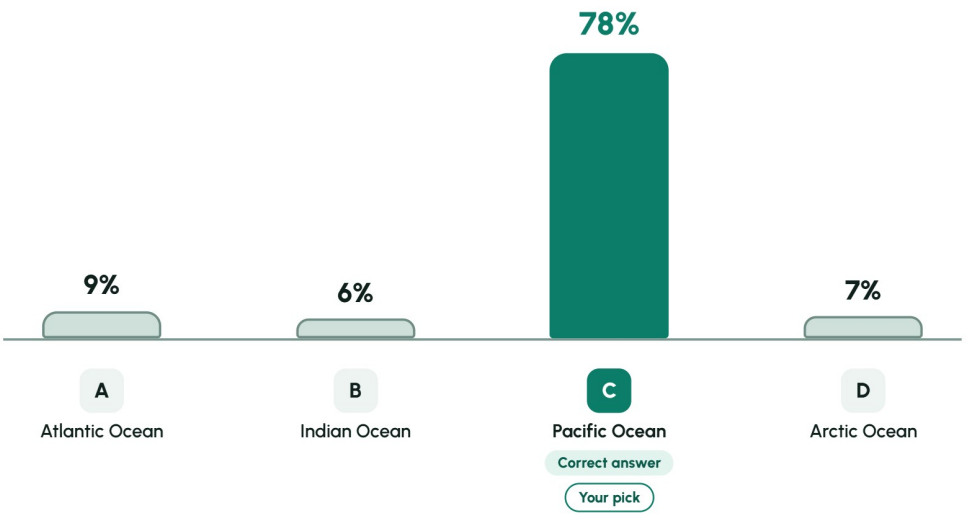

1,248 answers

Correct! +10 marks

You picked C, Pacific Ocean, in 3.2 seconds.
